

Going

Potty

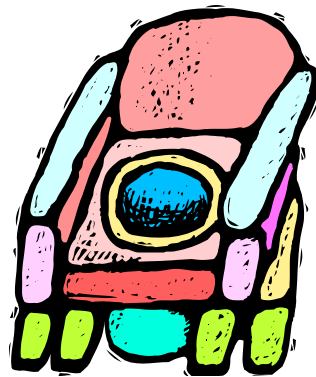

Each day you wake up and sit on the potty.

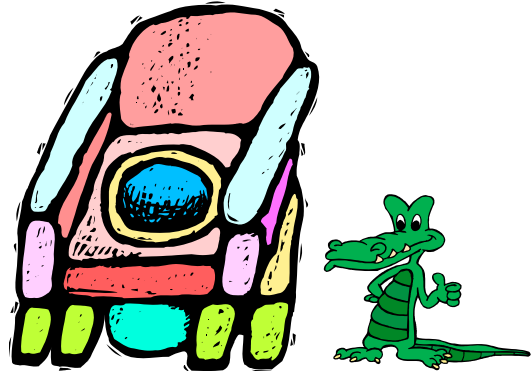

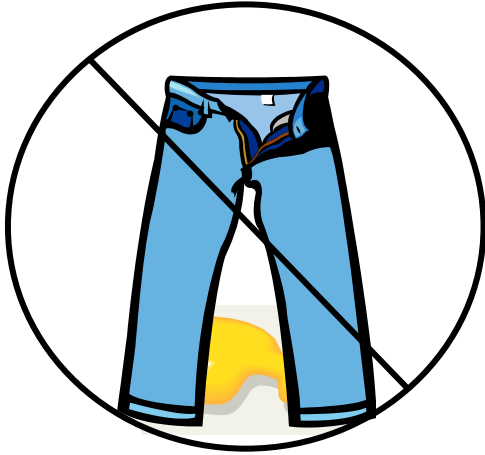

Then you eat breakfast and get dressed.

You get to play with toys and do lots of fun things.

But when you have to go pee or poop, you have to hurry to the potty and sit down to go. It feels so good to go in the potty like a big kid!

Sometimes you might have accidents and go in your pants. Then we will have to practice going potty, so you can learn to always go pee or poop in the potty.

No more diapers. You're a Big Kid now!

THE END
